Additional information in support of the application by Tisbury History Society

For some time, the Society has had a website of its own at http://www.tisburyhistory.co.uk/. This is now becoming old-fashioned and the current host has indicated that they will no longer continue to support the site after March 2021.

The Committee has discussed how best to proceed and has agreed to commission one of its members who works in this sector (Rob Frost www.robfrost.co.uk) to undertake the work. Rob designed and maintains the website for the Shaftesbury and District Historical Society and their website at https://goldhillmuseum.org.uk/ represents the standard to which the Society aspires. The Committee has looked at other websites in the surrounding area but considered that Rob Frost's work was exemplary as well as local.

The costing of this work is difficult to assess. Currently, Rob Frost has indicated prices ranging from £600 via £1000 to £1200 for different websites depending on time taken. At the same time, the maintenance of the website will be undertaken for no charge indicating this agreement as good value.

The Society is not intending to sell goods via the website. Rather the intention is to enable people to see what the Society does and also to contact the Archivist with queries and comments about the archives. The Society will however incorporate its PayPal account on the website in order to make payment easier where archive copies are being purchased.
